What is the Art4Healing® International Certificate Program?

Students will experience and complete Art4Healing® workshops and assignments through an online platform within a timeline of 9 months (or less). In addition to completing these assignments, students will be required to record and submit videos of themselves facilitating full workshops. These assignments will culminate in a final paper which will discuss the student's experience with Art4Healing® and future plans. As additional support, students will be matched with an Art4Healing® Coach who will answer questions and review his/her assignments and facilitated workshops. All students will have a total of 9 hours (via 6 virtual meetings) with his/her Art4Healing® Coach.
